### College Details

St Andrews Anglican College is a co-educational school located at Peregian Springs. It currently has enrolments from Prep to Year 12 in its 9<sup>th</sup> year of operation.

Enrolment growth at St Andrew's Anglican College has continued to outstrip projections since the College opened in 2003. This growth is not only a measure of local residential growth and subsequent demand for additional student places in a Christian school but also reflects the quality of education programs and services provided St Andrew's. This demand for additional places resulted in a review of the ultimate College capacity during 2004 and a subsequent re-master planning of the whole College during 2005. In 2010 the College was approved to extend its enrolment numbers from 940 students to 1300, which includes the introduction of Preprep program

### **Mission Statement**

As an Anglican College we strive to foster a challenging educational environment where we learn and grow holistically.

St Andrew's is a supportive, inspiring Sunshine Coast community with a spirit based on Christian principles of love of God and service to others.

St Andrew's has a vision of excellence promoted in all aspects of College life, management and governance.

### **Goals**

To provide an inspiring and excellent educational environment for children from Early Childhood to Year 12, within a Christian framework.

To encourage the best possible learning outcomes for all students through the establishment of a well-developed curriculum and a holistic education which incorporates a high calibre pastoral care network and a varied and challenging co-curricular programme.

### **Objectives**

To encourage spiritual growth in students.

To achieve the highest level of academic stimulation and facilitation of the learning process.

To engage dedicated and professional staff who are motivated to maximising opportunities and outcomes for students.

To welcome involvement of the community in the life of the College.

To develop a high calibre pastoral care system.

To establish a campus which reflects Christian values, careful management of the natural ecosystems of the College campus, awareness of environmental issues, healthy lifestyle choices and a desire to be a contributing member of the wider community.

First and foremost, St Andrew's is a **Christian** College and students are given every encouragement to grow spiritually while they are members of the College community. The awareness of the importance of a spiritual journey will hopefully remain with students long after they graduate from St Andrew's and throughout their lives. Christ's example and teachings underpin the ethos of the College, and the mutual respect, on which the College is built, is reflective of Christian values.

St Andrew's is specifically an **Anglican** College and a member of the Queensland Anglican Schools' Commission. It proudly reflects the traditions of care, academic rigour and commitment to the holistic education of the individual for which leading Anglican Schools are well known. The College will develop strong ties with the local Anglican parishes of Coolum and Noosa. St Andrew's has its eyes firmly on both the **present** and the **future**. The students of today will face ever-increasing changes in the amount of and the accessibility of knowledge as they grow up. The role of a 'school of the future' is to plan to serve the needs of its students for the future, and to retain what is good from past practice. Special emphasis will be given to the role of technology and how it can serve students' educational needs in the best possible way.

St Andrew's is a **College for the community**, and in particular serving the needs of families in the northern end of the Sunshine Coast of Queensland. Strong ties will grow between the College and community groups, local businesses, other schools and universities.

In addition to these aspects, St Andrew's is also an **environmentally aware College**, being situated on a stunning campus, rich with flora and fauna of great beauty. The Litoria Olongburensis (Wallum Tree Frog) is a protected specimen and inhabits specific areas of our College site. This, in addition to other rare or threatened species of fauna and flora, will be fully considered as development of the College Site occurs. They will certainly add richness to our College environment and we are privileged to be able to learn in such a naturally rich environment.

As demonstrated by the College motto – **Vision and Spirit** – St Andrew's is a place where emphasis is placed firmly on the ability to imagine a good learning journey ahead, and to ensure an excellent level of enthusiasm and energy among staff and students.

**Expectations** of all members of the College community, in terms of behaviour and respect for others, are high, as are the standards of personal presentation and wearing of the College uniform.

## **Distinctive Curriculum Offerings**

### **5 PILLARS OF SAAC**

St Andrew's acknowledges that we have a commitment to ensure that our students have the necessary knowledge to succeed. As has been stated before, we accept that as a College we will on a number of paths for our students, particularly toward some form of Tertiary entry. However, rather than always focusing on the end result (an OP for example) we want to challenge students to be confident in using this knowledge in a variety of different situations rather than to purely target the expectations of school/state driven assessment. We appreciate this is a difficult 'balancing act'.

Learning at SAAC requires students to show initiative, enquiry and independence as well as self-discipline and the ability to work within defined structures. We want students of SAAC to be aware that learning is a journey, not a destination, and that it occurs in a variety of settings, restrictions, disciplines and directions. We aim to help all SAAC learners to become flexible, to be able to make effective connections, and create personal knowledge in many different ways. Our aim is to give students meaningful opportunities to demonstrate and apply their knowledge based on what has been taught. They should see a purpose to what has been taught, look to learn new things and seek to solve problems/challenges, rather than always being told what is "needed for the test."

We acknowledge that at the moment, much of the learning that takes place is 'well-structured' using effective teacher-centred practices to deliver the curriculum, and that this is perhaps used more often than 'student-centred' practices. This 'well-structured' idea of learning is contrary to the general intention of most teachers to use a 'constructivist' approach to learning which aligns itself with student-oriented practices. The big question is: what prevents teachers who generally want to have a more 'constructivist' approach from doing so and enhancing (moving beyond) the more 'teacher-structured' approach?

To see this practically, there is a continuum of teaching and learning styles and as part of our transition to focus more on how our students learn, we need to establish where we find ourselves at the moment, acknowledging that not only do our staff vary in the way they teach, but they also vary within themselves on a regular basis.

Student-Centred Learning ←————→ Teacher-Centred Learning

Enquiry Based Learning ←————→ Content Driven

Where do you currently 'sit' on this continuum? Where do you think good teaching should sit?

In order to accommodate the different needs of our students, we have identified that there are five pillars that support a student in reaching their personal best. Our aim is to strengthen these pillars in order to best support all of our students. The 5 Pillars are:

**Teachers** – How do we best support/develop our teaching staff to achieve the outcomes we desire?

**Curriculum** – How do we provide the necessary framework, content and skills as required?

**Teaching and Learning** – How is what we do in the classroom, in our planning, teaching and assessing able to influence the outcomes for our students?

**Built Form** – How do our buildings and structures affect the outcomes for our students?

**Connections** – How do the relationships between teacher/student, home and wider community affect the development of students? How do we enable students to connect with values and attitudes that will be of benefit to themselves and ultimately our society?

As the College comes to the end of its Strategic Plan in 2011, many of the programs implemented over the past few years are now imbedded into the College.

### Other Aspects

The College continues to participate in programs designed to extend **gifted and talented** children, for example an annual G and T camp organised by the Heads of local Independent Primary Schools, Optiminds and an increasingly broad program within the College of supporting children within classrooms, by acceleration or by extension. The College continues to operate with a full-time Enrichment teacher to facilitate both targeted extension and gifted classes as well as provide support for staff who teach these students.

The College has an integrated and extensive learning support program, facilitated by a Special Needs Co-ordinator and several teacher aides.

Lifeskills are taught within both core and specialist areas throughout the Secondary School and our integrated Personal Development program includes career counselling, Study skills, time management and Family Planning Queensland sessions.

## Extra-Curricular Activities

### Sport

The philosophy of the St Andrew's Sport Program is one that gives all students the chance to enjoy a range of sports with a high standard of coaching. Excellent sportsmanship and team spirit is valued highly, as is commitment to the team and College. Lifelong interest in the fitness and well-being aspects of Sport, will be a focus in this program.

A wide range of individual and team sports are offered for all year levels. Students will participate in the local school carnivals and have all opportunities to represent their College and District when selected. Parents with expertise in coaching specific sports are warmly encouraged to be involved in our sports program.

In addition our 'active girls' program continues to be an integral part of the culture of our College, which focuses on healthy living for secondary aged girls.

Sports available before, during and after school are:-

Soccer	Touch Football	Junior Swim Squad (Yrs 1 – 3)	AFL
Basketball	Rugby Union	Athletics Club	Netball
Board Riders Club (Learn to Surf)		Water Polo	Tennis
Breakfast Club	Volleyball	Badminton	Running Club
Cricket	Softball	Gymnastics	Golf
Equestrian	Hockey	Swim Squad (Years 4 – 9)	
House sport competitions at lunchtime			

Over 60% of St Andrew's students are involved in some form of co-curricular sport, not included in the normal timetabled sport program. In addition, our parents support group, Fit Foodies, assists in ensuring students learn the importance aspect of healthy eating as part of the balanced approach to a healthy life.

## The Arts

2010 saw the Secondary School Musical produce another sensational musical 'Bye Bye Birdie' which included the participation of over 60 students.

Our Drama and Dance curriculum provides opportunities for students to apply themselves in practical theatrical situations such as:

- Sunshine Coast Speech and Drama Eisteddfod
- Wakakirri National Story-Dance Eisteddfod
- Rock Eisteddfod
- **harlequins** Performing Arts Troupe
- Lip Synch Event
- Christmas Event
- Community Events
- Arts Awards Evening
- Artists in Residence
- Workshops and Master Classes

In addition to sport, other co-curricular activities include such clubs as Chess, Art, Drama, Debating and Outdoor Education. The Outdoor Education Program which commences in Prep includes appropriate and enriching excursions, including camps for Years 3 - 12.

All students from Prep to Year Six have one 40 minute Music lesson per week and students in Years 7 & 8 have two lessons per week before Music becomes an elective subject in Year Nine.

The **Co-curricular Music Program** continues to grow with over 60% of students involved in some form of co-curricular music program. This offers students the opportunity to participate in ensembles outside of school hours to enhance their musical learning and enjoyment of the discipline. Participation in ensembles develops students' social, emotional and performance skills in a fun environment. The following ensembles are currently on offer at St Andrew's:-

Concert Band	Recorder Ensemble
Junior Choir	Piccolo Preps
Primary Choir	Wind Ensemble
Sculthorpe Strings	Jazz Band
Beginner Band	Concert Band

Students from Prep onwards can elect to study an instrument through the Colleges' **Instrumental Music Programme**. These lessons are held during school hours with specialist teachers either individually or in small groups. Instruments that are currently offered are:-

Prep-Year – 3: Voice, Piano, Violin

Year 4-12: Voice, Piano, Violin, Viola, Cello, Double Bass, Percussion, Saxophone, Trumpet, Trombone, French Horn, Baritone Horn, Tuba, Clarinet, Flute, Oboe, Guitar, Electric Guitar, Electric Bass.

2010 saw the continuation of the Honours Ensemble which enabled students from across the Coast to come together for a weekend workshop with an International Conductor. 100 students from around 18 State, Catholic and Independent Schools spent 2 days rehearsing and performing.

## School Climate

### Pastoral Care

The **Pastoral Care Structure** of the College has been developed in such a way as to ensure consistent support for and monitoring of student development, and working with both the student and their family is an integral part of the Pastoral Care at St Andrew's.

The monitoring of **Academic Progress** is crucial to the successful education journeys we wish for our students at St Andrew's, and staff ensure that this aspect of their work is a high priority. Our Careers Counsellor now begins working with students from Year 9 to begin focussing on the sorts of pathways they wish to pursue through the senior years.

Students' needs in the area of **Personal Development**, is addressed through an integrated program across all year levels. Specific skills in the area of Conflict Resolution, Peer Mediation and other interpersonal strategies, will be catered for through this program.

Policies relating to student **Behaviour Management** will encourage individuals' developing sense of responsibility and also protect individual rights. The College has a Harassment Policy, which is published in several publications, including the Student Handbook and the parent Clockwork booklet. The College Community Agreement continues to be an important document which is signed by students and parents at the enrolment interview. This document outlines the expectations of each student who desires to become part of the St Andrew's community.

## **Parental Involvement**

There are many ways that parents, as members of our College community, will be able to assist.

Firstly, a supportive and energetic parent **Parents and Friends Association**, otherwise known as **Saltire** which reflected a significant focus on this group to spend more time in 'friend raising' Their major focus in 2010 was our second Fair which was a wonderful success, not just in raising money for the College, but in providing opportunities for parents to work together. All parents are warmly encouraged to participate in this important aspect of College life.

Secondly, **Support Groups** assist in the major co-curricular areas of the College, for example, we have a '**Friends of Music, Fit Foodies, and Friends of Rugby**'. These parents meet under the direction of a member of the Teaching staff to plan fund-raising events and to provide further support to the program. If parents have an expertise and/or enthusiasm for any specific area and would be able to help to launch or be part of such a support group, they are asked to contact the Principal.

Likewise, there are opportunities for parents to be contributors to one of the **Sub-Committees of Council** – Education Committee, Finance Committee, Building Committee and Audit Committee – and any contributions in these areas are encouraged, especially from parents who have a relevant background.

There are currently 3 parents who sit on these sub committees, 2 of whom sit on College Council as Chairs of the Finance and Building Committees.

In addition to these roles, the College runs Uniform Shop roster of parent volunteers, and Primary classes include as much parental assistance as possible with activities such as reading and special events such as camps, excursions and performances.

## **Parent, Teacher, Student satisfaction with the School**

The College undertook Parent and Teacher surveys in 2010 and the results whilst very comprehensive, gave the College a very positive response to how well we are travelling.

### **Expenditure on and teacher participation in professional development;**

In 2010 there was a particular focus on exploring the International Baccalaureate and therefore there was a good deal of individual PD, knowing that once a decision about the Curriculum direction of the College was decided, this is where the majority of spending would go on a whole of College approach

#### **Teacher participation in PD**

<b>Description of PD activity</b>	<b>Number of teachers participating in activity</b>
Curriculum: Primary and/or Secondary (including TA training)	<b>38</b>
Pastoral Care: Primary, Secondary and/or Whole College	<b>10</b>
ICT and other Whole College Projects	<b>21</b>
<b>Total number of teachers participating in at least one activity in the program year</b>	<b>55</b>

#### **Expenditure on PD**

<b>Total Number of Teachers</b>	<b>Total expenditure on teacher PD ( as recorded in Financial Questionnaire)</b>	<b>Average expenditure on PD per teacher</b>
72	\$26700	\$370

The total funds expended on teacher professional development in 2010 were \$ 26700

The major professional development initiatives were as follows:

- Primary & Secondary Schools curriculum issues e.g. national curriculum, State Faculty conferences
- VET and student pathway in-servicing
- ICT systems and links with pedagogy
- Pastoral Care programs e.g. dealing with boys; identifying students at risk/in crisis; girls and current trends
- Various other e.g. Green Schools program

The participation of the teaching staff in professional development activities during 2010 was 76%

### **Average staff attendance for the school, based on unplanned absences of sick and emergency leave periods of up to 5 days:**

For permanent and temporary staff and school leaders the average staff attendance rate was 97.4% in 2009

### **Proportion of teaching staff retained from the previous year:**

From the end of 2009, 98% of staff was retained for the entire 2010 school year

## **KEY STUDENT OUTCOMES**

### **Average student attendance rate (%) for the whole school:**

The average attendance rate for the whole school as a percentage in 2010 was 93.7%

### **Average student attendance rate for each year level:**

<i>Year levels</i>	<i>Average attendance rate for each year level as a percentage in 2010</i>
Prep	99.75
Year 1	96.30
Year 2	94.64
Year 3	94.68
Year 4	95.80
Year 5	91.72
Year 6	92.74
Year 7	89.95
Year 8	94.53
Year 9	94.08
Year 10	92.81
Year 11	94.10
Year 12	87.14

## A description of how non-attendance is managed by the school:

The College uses its School's Management Program TASS to send out SMS messages to parents of students who are late, this enables the College to have a high success rate in ensuring students are at school and that the majority of non-attendance is substantiated. In addition the total number of absences appears on each child's report. If there are concerns about absences affecting the child's academic and social development, the College meets with the parents to discuss these concerns.

## BENCHMARK DATA 2010
